Note [1] The FBR should tie to the rates proposed in that SubOfferor's FBR template TAB I

Note [2] If a rate is not applicable then no further input is required in that column

To Be completed by the Prime Offeror

BLENDED IDIQ RATE DEVELOPMENT
Development of Contract Rates Weighted For Prime Offeror and Subcontractor
Financial

If the offerors teaming arrangement consists of multiple companies (e.g. prime and sub labor) to perform the duties of a full WYE then indicate the percentages by company to establish a blended rate. If one company is 100% for a WYE then indicate that as 100%.

Notes:

Areas in Yellow require Offeror input. Grey areas contain formulas that may be adjusted by the Offeror as necessary, but the end result is that the spreadsheet must be self-calculating in the same areas as was provided by the Government and any new areas

If the "% usage" varies among the Prime Offeror, Major Subcontract, Interdivisional, and/or Minor Subcontract weightings by contract year, then the Offeror is to add additional columns and/or rows as necessary and adjust the formula(s) accordingly.

Subcontractor rates shall trace/match to their IDIQ tab in that Offerors excel workbook.
